

AIR BOCOSH

LET THE WORLD USE BETTER
AIR COMPRESSORS

ABOUT US

Air Bocsh Co., Ltd. is a professional air compressor manufacturer founded in 2006 with 20 years history. We are a diversified manufacturing enterprise integrating product R&D, production and sales, with more than 100 employees. Our company's main products are screw air compressors, piston air compressors, gas storage tanks and related machinery.

Our company is located in Linyi City, Shandong Province, the logistics capital of China. It is an air compressor factory at the top of the industry in China. With the rapid development of the global economy, Air Bocsh has been making continuous progress. At present, we have accumulated rich production experience, strong technical force, top R&D team and complete testing equipment. The products are sold well in many countries around the world with beautiful shape, exquisite material selection, exquisite craftsmanship and excellent quality, and are well received by customers.

Air Bocsh is committed to building a leading brand in the air compressor industry, adhering to the business philosophy of integrity and taking service as its basic principle, continuing to forge corporate productivity and continuously enhance brand influence. We firmly believes in the development strategy of "creating quality with professionalism", "creating reputation with quality", "creating brand with reputation" and "creating market with brand". We always regards "let customers use better air compressors" as our corporate mission, allowing customers to buy the best products at the best prices and do business more easily.

Air Bocsh Co., Ltd. will always adhere to the business status of hospitality and attentive service, and look forward to cooperating and win-win with more wholesalers around the world.
